NUMBER 293.

UP TO THE VOTER.

Eventful Presidential Campaign Brought to a Close.

BOTH SIDES ARE CONFIDENT.

Stout Claims Made by the Republican and Democratic Officials.

OUTLOOK IN THE SEVERAL STATES.

Lively Contest in Ohio Congressional Districts, Charges of Fraud Being Afloat — Bryan Concludes a Remarkable Campaign—Political News.

Cincinnati, Nov. 5.—On the eve of the election charges are being made of false registration in Cincinnati and other Ohio cities. While the last census gives Cincinnati a population of 325,000, its registration is 81,880, and a citizens' committee has been organizing for systematic work with detectives for arrests on Tuesday. It is claimed also that colonizations have been made in some of the close congressional districts. Ohio has now 15 Republican and six Democratic congressmen. The Republicans are trying hard to gain a congressman in the Third district, where N. F. Bickley (Dem.) and R. M. Nevin (Rep.) are the candidates, and this is one of the districts in which charges of fraud are made on both sides.

In the Fifteenth and Twentieth districts the Democrats are hoping to make gains. In the Fifteenth district Congressman Van Voorhis (Rep.), who is running for the fifth term, is opposed by L. W. Ellenwood (Dem.), and the Republicans have some factional trouble, but the re-election of Van Voorhis is generally conceded. In the Twentieth district Congressman Phillips is an independent candidate against Jacob A. Beldier (Rep.), who defeated Phillips for renomination, and the Democrats hope to elect H. D. Harrington. On account of the active work of Mayor Jones of Toledo there is some talk of Negley D. Cochran (Dem.), defeating Congressman Southard (Rep.), in the Ninth district, but the Jones vote is such an uncertain element this year in Ohio that it is not cutting much of a figure in the estimates.

In the Twelfth district Emmett Tompkins (Rep.) is making a hard fight to defeat John J. Lentz (Dem.), and on account of the action of Lentz against the administration in the last congress special interest is being taken in this district. It is currently reported that National Chairman Hanna and State Chairman Dick have given special attention to the Twelfth.

In Pennsylvania.

Philadelphia, Nov. 5.—There have been practically no developments in the presidential campaign in this state and none are looked for beyond the always to be expected last cards and the final claims to be made by the state chairmen of the respective parties. The two most notable fights for congress are in the Twenty-seventh and the Third districts. Congressman Joseph C. Sibley, who was elected two years ago as a Democrat from this district by a plurality of 2,381 over C. W. Stone (Rep.), but who during the recent session of congress announced his allegiance to the Republican party, is the candidate against Lewis Emery, Jr. (Dem.). The fight here is a bitter one and the result is doubtful. The Third district, formerly represented by Hon. Samuel J. Randall, is in Philadelphia, and is the scene of another determined fight.

Chairman Jones' Claim.

Chicago, Nov. 5.—Chairman Jones of the national Democratic committee gave out the following: "The fight is won. Bryan and Stevenson will be elected. The Democratic majority in the electoral college will be ample. The Democrats will hold the states they carried in 1896, and the possible exception of Wyoming. We will also carry New York, New Jersey, Delaware, Maryland, West Virginia, Kentucky, Indiana, Ohio, Illinois and California. In a general way I should say there will be somewhat of a falling off of Bryan's strength compared with 1896 west of the Mississippi, and that east of the Mississippi he will make overwhelming gains."

South Carolina.

Raleigh, Nov. 5.—North Carolina's majority for Bryan will be anywhere

from 30,000 to 40,000, its size depending on whether or not a full vote is polled. Republicans claim only two out of the nine congressmen. Though the national campaign in this state has been remarkably quiet, great interest has been manifested in the Democratic primary to be held on election day to choose a successor to United States Senator Marion Butler (Pop.). The candidates are F. M. Simmons, present Democratic state chairman, and Julian S. Carr, a wealthy tobacco manufacturer.

In Connecticut.

New Haven, Nov. 5.—Serenity permeated the atmosphere of the Republican headquarters while the claims of the Democrats indicated a growing confidence. The Democratic state central committee claims to have narrowed down the probable margin of a McKinley victory in the state to 5,000. On the state ticket the claim of a minimum majority of 1,500 for Bronson for governor is raised to 7,000. The Democrats also claim the defeat of Sperry (Rep.) in the Second congressional district by a close vote. The Republican leaders concede nothing, and with much calmness claim a sweeping victory.

In Virginia.

Richmond, Nov. 5.—There is no change in the election situation. The electoral vote is safe for Bryan by some 20,000, and the Democrats claim a full delegation in congress. The Republicans, however, have a fighting chance in three districts.

Bryan on the Result.

Lincoln, Neb., Nov. 5.—Mr. Bryan was asked for a statement as to the probable outcome of the election. In reply he said: "The fight has been made and won. Money and coercion robbed us of a victory in 1896, but I believe they will be powerless to change the result this time. The people are in earnest and very few can be bought. Our organization is much better than it was in 1896 and therefore there is less danger in frauds. So far attempts at intimidation have been rare this year where they were very common in 1896, and even where intimidation has been attempted it has angered the employees rather than coerced them."

Chairman Payne's Views.

Chicago, Nov. 5.—Henry C. Payne, chairman of the executive committee of the Republican national committee, claims McKinley will have 294 electoral votes to Bryan's 112, with Nebraska, Nevada, Utah, Colorado, Idaho, Missouri and Montana doubtful. Kansas, Washington, the Dakotas, Wyoming, Indiana, Kentucky and Maryland are claimed. He says Bryan will get an increased vote in Greater New York, but that the Republicans will carry the state. In Ohio he looks for some losses in Cuyahoga county and in one or two of the other large counties, but that these will be made up in the rural districts of the state.

Bryan's Remarkable Campaign.

Lincoln, Neb., Nov. 5.—William J. Bryan will close his eventful campaign in this city tonight. During the day he spoke at Omaha and other points in Nebraska. When Mr. Bryan reached Lincoln he had been absent from his home for about five and one-half weeks. During that time he has traveled about 9,000 miles and has made about 50 speeches. Previous to entering upon this tour and since the campaign has begun he had made at least 100 speeches and had traveled about 7,000 miles, making about 16,000 miles traveled and 600 speeches delivered by the national candidate during his campaign.

Debs Will Stick.

Milwaukee, Nov. 5.—Eugene V. Debs will not withdraw as a candidate for president on the Social Democratic ticket in favor of Bryan or any one else. He communicates this information in a telegram to Victor L. Berger, a leading Social Democrat of this city. The message reads as follows: "Soon-er will McKinley retire in favor of Bryan, or Bryan retire in favor of McKinley, than that I will retire in favor of either. I am in this fight until the end of my life."

The Next House.

Washington, Nov. 5.—Chairman Richardson of the Democratic national congressional committee made the following statement as to the next house of representatives: "We are absolutely certain that the next house will be Democratic, and we believe that the Republican leaders well know it. The majority will be a good, safe one—at least 25."

Akron, O., Nov. 5.—After a hotly contested trial, David Davis was found guilty of burglary in connection with the recent riot, for having broken into the Standard hardware store to procure firearms. This is the second riot conviction.

CONDITIONS AT NOME.

Department Commander of Alaska Submits His Annual Report.

LAWLESSNESS NOW STAMPED OUT.

Prospectors For Gold Say the Beach Is Worked Out — Friendly Esquimaux Without Means of Subsistence.

Washington, Nov. 5.—Brigadier General George M. Randall, commanding the Department of Alaska, under date of Sept. 20 at St. Michael, has submitted his annual report. A great deal of the report is devoted to conditions at Nome, which he found upon his arrival at a critical stage. It was difficult to obtain convictions by jury trial in the United States commissioner's court, which emboldened the lawless. Labor organizations prevented men from working for less than \$1 an hour and were the cause of much destitution and want and destruction of property.

Fully 18,000 people arrived at Nome in June. Claim jumping was the order of the day. Nearly every one seemed to think he had a divine right to take possession of a claim or town lot which he found. Many property owners were disposed to defend their rights by taking the law in their own hands. The arrival of troops prevented bloodshed and serious disorder.

There were about 500 men working on the beach at Nome with machinery at one time, and many declined to give answers concerning the prospects for gold, while others admitted that they were taking out only from \$1 to \$6 a day. The beach was practically worked out last year.

General Randall devoted considerable space to the natives of Alaska, and says that the Esquimaux has been unnoticed by those he has befriended and has been allowed to die for the lack of proper care and food. For years he has extended his hospitality to adventurous white men and his hut has been the shelter of shipwrecked sailors and frostbitten miners.

In closing this particular feature of his report General Randall says: "In many parts of the United States provision has been made for the Indian. Reservations have been set apart for him and food and clothing supplied. In Alaska it was not necessary heretofore to do much, but the great rush of white men that followed the discoveries of gold has completely changed everything. The game and fur-bearing animals have about disappeared and the natives' means of subsistence are gone. I therefore recommend that the government afford some relief to the natives until such time as they can take care of themselves."

Quelled the Tribal War.

Victoria, B. C., Nov. 5.—The German corvette Moewe, according to advices from the South seas, has reached Sydney and reports that she was called on to quell a tribal war on one of the Admiralty islands. Word was received by her commander that a section of fighters armed with rifles from a pirate had butchered 150 natives, and the Moewe went to the scene. Arriving off the village, a landing party consisting of 120 Germans put off under four officers and opened fire on the rebellious natives. The latter made a stubborn stand and returned the fire of the landing party. Their aim was bad and only three casualties resulted, six of the natives being shot down. Eventually the expedition returned to the warship, which steamed close into the beach and shelled the village with destructive results.

Another Mine Horror.

Buckhannon, W. Va., Nov. 5.—By an explosion in the coal mines at Berryburg, Barbour county, 10 men were hurled into eternity and the property considerably damaged. The Berryburg mines are in the great Barbour field, about six miles above Philippi. The explosion was heard distinctly at that place. Buildings were jarred and many thought it was an earthquake. Many men were at work in the mines at the time of the accident and the work of rescue was pushed as rapidly as possible. A number were injured and some of these may die. It is said that the explosion was not of gas, but was caused by dynamite. There had been a fall of top rock in the mine and in clearing this up dynamite was being used.

Fighting in the Philippines.

Manila, Nov. 5.—Last week was devoted to active scouting. The insurgents having failed to crush a single garrison, are now experiencing a reaction. Captain Atkinson, with 34 men of the Thirty-seventh volunteer infantry, attacked 100 insurgents under

Colonel Valencia, recovering two American prisoners and capturing a considerable quantity of ammunition and supplies. A native orchestra lured the United States troops from their quarters near Dagupan while the insurgents attacked the rear, killing two Americans and wounding three.

NEATLY TRAPPED.

Registration Fruits in St. Louis Exposed by Registered Letters.

St. Louis, Nov. 5.—Warrants have been issued for the arrest of 350 men charged with having registered fraudulently at different precincts in the down town wards of the Twelfth congressional district.

The committee sent registered letters to the names as they appeared on the voters' list from rooming houses and saloons in the district, and more than 1,000 of these letters have been returned with the report of the post-office department that the persons named do not live at the places shown on the registration list. On the strength of those reports warrants have been asked for the arrest of more than 1,200 persons.

Close at Cleveland.

Cleveland, O., Nov. 5.—The Republicans closed their campaign here Saturday with a big parade, which, considering the enthusiasm and the number of men in line, surpassed any political demonstration ever seen in this city. The weather conditions were superb, the sun shining brightly and the air was cool and bracing. A large number of buildings along the line of march were profusely decorated, and the streets for miles were jammed with spectators. The parade, which embraced 65 bands and many unique features, was started with the booming of cannon and the cheering of many thousands. It was estimated that from 50,000 to 60,000 men took part in the demonstration, several thousand of whom were mounted.

Australian Desperadoes.

Vancouver, B. C., Nov. 5.—The Australian police have been baffled by the Beelong murderers. Several months ago the entire colony was startled by a series of murders which took place within 100 miles of Sydney. Two well-known desperadoes, Jimmy and Joe Governor, half breeds, were the murderers, who escaped. Since they have killed two officers and a woman. A proclamation has been issued by the chief justice of New South Wales declaring the men to be outlaws, and they may now legally be shot down if it is found impossible to capture them alive.

Iron Companies Consolidate.

Buffalo, Nov. 5.—Three large iron smelting plants located in South Buffalo have been consolidated under the name of the Buffalo Union Furnace company, which was incorporated at Albany with a capital of \$1,200,000. The plants in the consolidation are the Buffalo Furnace company, the Union iron works, and the Buffalo Charcoal iron company. The management of the new company will be in the hands of Frank S. Laird.

Cotton Damaged by Fire.

Liverpool, Nov. 5.—Fire broke out in cotton which had been landed on the dock from the British steamer European since her arrival here, October 29, from New Orleans, and 500 bales have been damaged by fire and 1,000 bales by water. The British steamer Ohio, from Baltimore October 20, for Rotterdam, passed Prawl Point in tow. The nature of her trouble is not known.

Jones Is Not Demented.

New York, Nov. 5.—Charles F. Jones, secretary and valet of the late William Marsh Rice, under arrest on a charge of forgery, and who attempted to commit suicide in the Tombs by cutting his throat, passed a comfortable night in the hospital. The report that Jones is mentally unbalanced is denied at the hospital, and it is declared his mind is as clear as ever.

Hoosiers Demonstrate.

Evansville, Ind., Nov. 5.—The Republican presidential campaign ended in Southern Indiana Saturday with the biggest parade ever known in this part of the state. The parade started at 2 o'clock and ended at 5, taking in the principal streets of the city. Senator Fairbanks, of Indiana, spoke at Evans hall at night.

St. Petersburg, Nov. 5.—Official reports show the grain has been completely burned up by the drought in portions of Siberia. The fields have not been harvested and are used for pasturage. The price of grain at Semipalatinsk is over one rouble per peck.

Population of Vermont.

Washington, Nov. 5.—The population of the state of Vermont, as announced by the census bureau, is 343,641, against 332,422 in 1890, an increase of 11,219.

HANDED OUT HOT AIR.

President Loubet and the Czar of Russia Exchange Compliments.

NATIONS' RELATIONS FELICITATED.

Unveiling of a Monument to President Carnot a Noble Event — No Disurbance, but an Exciting Incident.

Lyons, France, Nov. 5.—No disorders marred the ceremony of unveiling the monument to the late President Carnot here or the luncheon tendered President Loubet by the chamber of commerce which followed the unveiling, although the Socialist committee had posted bills calling upon their followers to make a demonstration in protest against the chamber of commerce, which is regarded by them as clerical and reactionary. There was an imposing mobilization of troops along the route to the monument. The unveiling ceremonies were impressive.

Prior to President Loubet's speech he announced that he had received the following telegram from Emperor Nicholas at Livadia: "The unveiling of a monument to one of your illustrious predecessors vividly reminds me of the important services rendered to France by the late President Carnot, and his active co-operation in the great work of bringing together, with essential pacific objects, our friendly and allied countries. In heartily associating myself with this ceremony I beg that you will ever believe in my sincere and unchanging friendship."

After the applause had subsided M. Loubet said: "France is grateful for the expression of such sentiments. In my reply I believe I have been the interpreter of the feeling of all French citizens."

M. Loubet's reply to the czar was as follows: "I am deeply touched by your majesty's generous thought in associating himself with the homage rendered to the memory of Carnot by the city of Lyons. France highly appreciates this fresh token of affectionate sympathy. Nor does she forget the part your illustrious father took with, as you so well say, essentially pacific objects, in bringing together friendly and allied countries; and she plausily unites in her veneration and her memory the names of Alexander and Carnot. It is not only in my own name, but in the name of all France, that I present to your majesty my warm thanks."

An exciting incident occurred during the afternoon. A middle-aged man mounted the monument and began speaking to the crowd. Suddenly he drew a razor from his pocket and cut his throat. He was taken to the hospital in a dying condition.

Tom Baker Killed.

Antigo, Wis., Nov. 5.—Tom Baker, a Kentucky desperado, and relative of the famous Baker family of Kentucky, was killed by James Connellton, whose brother Charles was stabbed to death by Baker last week. The last murder was committed near the scene of Baker's crime. Parties of Kentuckians have been laying for Baker all the week. He was decoyed to the house near which he was shot. When ordered to throw up his hands he struck a match and fired. The fire was returned with a double-barreled shotgun and his body was riddled.

A Fatal Hazing.

Charleston, S. C., Nov. 5.—Thomas Finley Brown, 12, is dead from injuries received while being hazed at the Porter military academy last Monday. Brown was new at the academy and the older boys, following their former custom, dropped him into a cemented swimming basin 12 feet deep. The basin was dry at the time and the lad received internal injuries from the fall. Before he died he did not give the names of the cadets who had ill treated him, and it is said no action will be taken in the matter.

Weekly Bank Statement.

New York, Nov. 5.—The weekly statement of averages of the associated banks shows: Loans \$792,330,300, decreased \$1,504,300; deposits \$841,775,200, decreased \$1,616,300; circulation \$30,717,800, increased \$157,800; legal tenders \$58,351,100, increased \$405,100; specie \$158,403,100, decreased \$890,600; total reserve \$216,394,200, decreased \$455,500; reserve required \$210,443,800, decreased \$404,075; surplus reserve \$5,950,400, decreased \$81,425.

TELEPHONE THE VOTE TO THE BULLETIN.

Democratic inspectors of election throughout the county will confer a favor by telephoning the vote to the BULLETIN as soon as the count is completed Tuesday evening.

Let everybody keep a cool head to-morrow.

BOYLE County Democrats are making every effort to defeat Mr. Yerkes in his home county.

DEMOCRATS, go to the polls early on election day and place your mark in the circle beneath the rooster.

To vote for Bryan, Stevenson, Beckham and Kehoe just stamp a X in the circle under the rooster. That does the work.

The important thing to-morrow is to poll the full Democratic vote for Bryan, Stevenson, Beckham and Kehoe. That done, nothing remains but the shouting.

A Democratic voter who doesn't vote counts for nothing. He might as well not exist as far as his party is concerned. Go to the polls to-morrow and stamp in the circle under the rooster.

A NUMBER of young negroes who are on school census of the city have registered. If they try to vote to-morrow they should be required to make affidavit as to their age so that the next grand jury may investigate their right to vote.

KEHOE's record is clean, his character unimpeachable and his nomination was accorded him with a unanimity that has seldom been witnessed in political conventions. He is entitled to the enthusiastic support of every Democrat in the district, and is worthy of your vote, whether you are a Democrat or Republican.

HERE'S the issue in a nutshell as far as the race for the Governorship is concerned. The Morning Democrat, of Lexington, says:

If you want the murderers of the man who was always brave and fearless and loyal to the great common people punished, vote for Beckham. Otherwise, you will endorse the manner of his taking off and put a premium on assassination and lawlessness, as in the event of Yerkes' election, every cowardly fugitive will come trooping home with pardons in their pocket, those convicted will be turned out of prison and all invested with a badge of honor. Stamp under the rooster and save Kentucky from further disgrace.

The Ledger and other papers have been parading the fact that Judge Pugh, the Republican nominee for Congress, is a member of the Christian Church and Superintendent of a Sunday school at Vanceburg. We are justified in the statement that this has been done at the instance, or request, of Mr. Pugh himself, in the hope probably that it might gain him a few votes. But how has he treated a certain member of his church in this county—a young woman who has been struggling to support herself in a little country store. She and many of her family are members of the same church to which Judge Pugh belongs. For some time she has held the position of postmaster in the little country village where she conducts her grocery, and so far as has been learned served with satisfaction. But recently Mr. Pugh had her removed and the office was given to a man who has hitherto been numbered as a Democrat. If the Judge hoped to be benefited politically by the change he is probably doomed to disappointment.

DEMOCRATS, GET OUT YOUR VOTE.

The arguments have been closed, and this campaign is ended, so far as the work of the stump speakers and orators is concerned. The polling of the vote and the counting are all that remain to be done, and then comes the shouting.

The one important thing for the Democrats to do now is to get out their full vote to-morrow. Let every effort be put forth to this end. We again repeat that there should be no stay-at-homes on this occasion. Frequently if the "stay-at-home" Democrats had been gotten to the polls it would have saved the day and turned defeat into a victory. The Democrats of Mason have the most

thorough organization in their history probably, but this will not accomplish its real purpose if the committees in the various precincts stand around and fail to poll every Democratic vote.

But don't expect the committees to do it all. Let every Democratic make it his business to aid in this work.

Mason County is expected to roll up a rousing majority for Bryan, Beckham and Kehoe. Let all work to that end. Democrats, do your whole duty to-morrow.

MCKINLEY AND HANNA BURLEQUING THEIR PARTY'S HISTORY.

"The Republican party is in truth engaged in satirizing and burlesquing its own history, mocking its own traditions and turning the portraits of its own greatest statesmen to the wall," avers the Baltimore Sun, which adds: "What could be more ludicrous, if it were not at the same time so lamentable, as to see the party of Lincoln, who said that 'no man is fit to govern another man without that other man's consent,' now proclaiming from all its platforms the doctrine that 'the consent of the governed is not necessary'—the exact word used by Secretary Root in his speech delivered the other night at Canton in the presence of McKinley himself! Is it not a sight calculated to provoke peals of sardonic laughter to see the party of Charles Sumner, who declared that the idea of putting a price on the people of Santo Domingo and buying them without their assent to the sale was too monstrous to be thought of, now asserting to use the precise words of Mr. McKinley, that 'our title is good' to the Philippines—10,000,000 of them ('at \$2 a head, unpicked,' as Tom Reed expressed it)—because 'our Peace Commissioners believed they were receiving a good title when they concluded the treaty'?"

"Pass next to the Republican party's attitude on the trusts. Here is the party that boasted for years that it was the special friend of labor; that its mission was to give protection to American wage earners and see that they were not degraded to the level of the pauper labor of Europe. And now what is it doing? Championing the trusts, praising the Standard Oil monopoly as one of the chief causes of prosperity; declaring that the more factories the trusts close and the more wage earners they throw out of employment the more the cost of production will be reduced and the cheaper all our trust-made goods will become. And this, remember, is the same party that four years ago was telling the workmen that the very worst thing that could happen to them was to get things cheap."

BISHOP SPALDING ON TRUSTS.

Bishop J. L. Spaulding, of Peoria, Ill., in a speech before the Teachers' Federation on the taxation of doling corporations, electrified a great audience by saying:

"Corporations which evade their honest debts are the oppressors of God's poor; they load their burdens on the working men and women."

"We have come to where we don't dare call things by their right names. We have lost largely the power of moral indication."

Other startling phrases uttered by the Bishop were:

"A wrong by a powerful man is doubly wrong; a wrong by a great corporation is infinitely wrong."

"The corporation that grows rich while it deprives the poor man of the rewards of his labor is worse than a highway robber."

"A corporation has no soul, they say; but a trust has a soul, a devil's soul."

"What is at the bottom of this dishonesty? Greed! Greed! The belief that money is man's chief good is the root of the commercialism that it is more important to have cheap goods and compete in all the markets of the world than to have free, honest, intelligent, self-respecting men and women. The time is bound to come when men, looking back fifty years or 100 years from now, will consider us as ignorant and as barbarous and as cruel as savages."

"Why are these trusts such an evil? I know they say they make themselves necessary. They would cut one another's throats if they didn't combine in a trust. They form a trust. They capitalize it at four or five times the value of their property, and then they have to pay dividends upon these fictitious values. To do it they grind the poor. They starve the children; they take the heart out of the mother and drive the father to the saloon and to murder."

An Open Insult to Every Lover of Fair Elections.

[Dover News.]

Right here in Mason County, where elections are held as honestly as an election can be held, we are threatened with United States Marshals at the polls. The object is to keep timid Democrats away from the polls, to force the counting of illegal negro votes and to furnish an excuse for throwing out strong Democratic precincts. It is a disgrace to the good people of Mason County and an insult to every lover of fair elections. It is but an outcropping of McKinley imperialism and Taylor hayonet rule. Down it with your honest ballot; condemn it while you can, in unmeasured terms. Four more years of McKinleyism, with a standing army of 200,000 and another army of U. S. Marshals and there will be no such thing as an election by the people.

HIGH-HANDED.

Republicans Resorting to Outrageous Tactics in Their Desperation.

Have a Colored Voter Released from Jail Under a Writ of Habeas Corpus. The Facts.

James Payton, colored, was released from jail Saturday afternoon under a writ of habeas corpus issued and tried by Judge Wadsworth.

Payton was fined \$21 and costs Oct. 7th by Squire Grant for gambling. Some other negroes were also fined at same time on same charge. Squire Grant told them he would give them time to replevy or pay the fine. The matter went on until Saturday morning, when Payton went to Mr. Grant and told him to make out a mittimus and he would go over to the jail and serve out the fine. This was done, and Payton surrendered himself to Jailor McIlvahn.

Some Republican leaders were soon snorting mad over this "Democratic outrage," and swore out the writ of habeas corpus before Judge Wadsworth, when the rule has been to apply to the County Judge or Circuit Judge for such writs. Judge Cole, L. W. Galbraith, Preston D. Wells and other lawyers appeared for the Republicans, and Payton was discharged on the ground that he had been tried and acquitted once for the offense.

The Democrats have had nothing to do with the prosecution of Payton. The warrant for his arrest was sworn out by Policeman Harry Ort, a Republican, and Payton went to jail of his own will. The Republicans had him discharged solely to get his vote, and it shows to what desperate and outrageous tactics they are resorting to bolster up their cause.

MADE HIM "QUAKY."

The Hallam Meeting at Opera House Saturday Night a Dismal Close of the Republican Campaign.

The better class of Republicans must have been thoroughly disgusted and disheartened over the dismal close of their campaign Saturday night.

Their star attraction for this closing meeting was Mr. T. F. Hallam, the erstwhile Democrat of Covington. The Republicans evidently imagined he would draw "better than a porous plaster," so they transferred the meeting from the court house to the opera house to accommodate the crowd. The Ledger even advised the public to "go early if they wanted to get a seat." But the anticipated rush didn't "eventuate." When the drum corps finally wound up at the opera house they were followed by a crowd of about twenty-five and a number of cheering boys.

When Editor Davis arose to introduce Mr. Hallam, the seats on the lower floor were not all occupied. One old Republican, after a look at the crowd, was heard to remark to a fellow-Republican:

"John, I'm a little quaky to-night."

"What's the matter?" inquired John.

"Why, just look at all those black negro wenchers down in that crowd," responded the old Republican.

What made the old Republican "quaky," probably, was the absence of Republican voters.

As for Mr. Hallam's speech, the least said the better, for Mr. Hallam. The simple fact of the matter was that the speaker was in no condition to address a public meeting. And that's why the better-class of Republicans were disgusted.

All Souls' Day was celebrated by the Catholics of this city and county at the cemetery at Washington Sunday. There was a large crowd in attendance and the graves of the beloved dead were beautifully decorated with flowers. The pastor of St. Patrick's Church, Rev. Father Ennis, delivered an appropriate and very touching sermon suitable to the occasion. The assemblage was the largest ever in attendance.

Mrs. Fox Guilfoyle is seriously ill with diphtheria at her home near Murphysville. One of her daughters died last week of the disease.

George B. Thatcher and Rebecca Bradford were married Saturday.

Spread Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in twenty years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. Jas. Wood & Son, druggists."

PRETTY CHURCH WEDDING.

In the Venerable Walls of Old Beasley Church, Miss Annie Osborne is Made the Bride of Prof. W. H. Lucas.

[Dover Messenger.]

On last Wednesday evening at 8:30 o'clock, in classic and venerable Beasley Creek Christian Church on Tuckahoe, Miss Annie Osborne the beautiful and accomplished daughter of Mr. and Mrs. W. Scott Osborne, was united in marriage to Prof. William Hardin Lucas, of Paris, Ky.

The nuptial ceremony was pronounced by Rev. E. S. Stevens, of Augusta, the well-known missionary to Japan, before a large gathering of loving relatives and admiring friends of the happy couple.

No cards had been issued, but a general invitation was given for the public to attend.

The church was beautifully decorated for the occasion, and this wedding was the first that was ever solemnized in the old church, which was erected seventy years ago.

After the ceremony, loving congratulations and best wishes followed; after which the bridal party took a carriage for Maysville and boarded the 10:40 train for an eastern trip.

Professor Lucas and wife will make their home at Paris, Ky.

Among the guests present were the bride's brother, Mr. Chas. B. Osborne, of Chicago, who will himself wed Miss Sue Boyd, of Covington, next Wednesday, and the bride's only sister, Mrs. M. B. Pickett and husband and their children of Chicago.

Death of Mrs. James Nolin.

Mrs. James Nolin, formerly of this city, died Saturday at 4:30 p. m. at Richmond, Va., of consumption. She was about fifty years old and is survived by her husband and four daughters. The remains will be brought on the 6:20 a. m. train Tuesday for burial.

Mrs. Nolin was formerly a Miss Shawhan of Bourbon County, and always enjoyed the love and esteem of her wide circle of friends.

"Vote for Beckham. Under no circumstances endorse Taylorism. Taylorism is synonymous with assassination committed as a supposed political duty. No peace can come to Kentucky until the assassins of Goebel and the conspirators in the assassination are caught, convicted and hung."—Chas. J. Bronston.

Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are surely cured by it. Call on J. Jas. Wood & Son, druggists, and get free a trial bottle. Regular size 50 cents and \$1. Every bottle guaranteed.

The Difference in Cost

Of thoroughly good fashionable and serviceable Clothes and Shoes as bear our label and inferior goods is not large enough to warrant you taking the risk attached to buying ordinary goods. The kind of clothes we sell are tailored by the same class of journeymen tailors as are employed by high-priced merchant tailors. Not a yard of fabric is used in these garments that has not been thoroughly tested for its textile strength and color fastness; therefore we thoroughly endorse and guarantee all goods we sell, and say, "money refunded" without argument if for any reason you are dissatisfied with your purchase.

Our experience as well as yours has proven that the kind of merchandise we sell is as near perfection as can be, and though they cost a little more than the other kinds they are really the cheapest kind in the end. Our leaders in clothes are Stein Bloch Co., Adler Bros. & Co., the best brands in the country.

In Shirts, the Manhattan; Hanan Shoes and Stetson Hats. All of these are the highest class of merchandise in their respective lines.

DEMOCRACY VS. PLUTOCRACY.

Mr. Bryan Says the Republican Party is Under the Control of Those Who Grow Rich by Favoritism and Exploitation.

CHICAGO, Nov. 2.—The Hon. W. J. Bryan, Democratic Presidential candidate, to-night gave out the following statement in the form of an interview: "The Republican campaign has been a failure. The full dinner pail argument has been repudiated by the workingmen and the Republicans are compelled to confess that a large proportion of the labor vote will be cast for the Democratic ticket. Besides believing with the Democrats in the general doctrine of equal rights to all and special privileges to none, the laboring men are against the trusts, the large army and the colonial police. The laboring men are also drawn to the Democratic party by the fact that our party is opposed to government by injunction, to the blacklist and to Chinese immigration and in favor of arbitration and of a Cabinet officer selected to represent the wage earners.

"The Republicans are now hoping to hold their strength among the farmers, but they have no policy which will benefit the farmer. The man who makes his living on the farm is the victim of all the vicious legislation for which the Republican party is responsible and receives none of the benefit conferred by special legislation upon corporations and syndicates. The farmer pays more than his share of the taxes and receives less than his share of the consideration of government. Republican policies have lessened the value of farm lands, increased the proportion of tenants and have driven the farmers sons away from the farm, thus intensifying the struggle for existence in the cities. The farmers are almost unanimously opposed to the trusts and they can have no sympathy with the imperialistic policy of the Republican party with attendant increase in the military establishment. I believe that the election will show that we have gained among the farmers as well as in the cities.

"The small business men and the professional men are also feeling the effect of the industrial depotism which has grown up with this administration. The poor are coming to the Democratic party because they want a chance in the race for life and many of the well-to-do are coming because they realize that the Democratic party affords better protection to honest wealth than the Republican party.

"The Republican party is under the control of those who seek advantages through governmental favoritism and grow rich by the exploitation of citizens at home and subjects abroad. It is a fight between Democracy on the one side and plutocracy on the other, and Democracy appeals to the judgment and to the conscience of those who are willing to let live as well as to live."

The five-year-old son of Mr. Thomas Crawford, of Murphysville, died Thursday of diphtheria and was buried Friday.

Marie Decca has retired from the stage and is now teaching vocal music in Boston.

"If you want harmony, quiet and peace at home, confidence in the business world, do not endorse by your vote the most damnable assassination in our history, I never endorsed the Goebel law. If it were on the statute books today, I would fight it, but if I had the choice of endorsing Goebelism by voting for Beckham or approving Taylorism by voting for Yerkes, I would cast my vote for Beckham. You can correct Goebelism, but you cannot correct Taylorism, which is synonymous with assassination committed in the unopposed performance of patriotic duty."—Chas. J. Broustin.

The surgeons in attendance held a consultation and it was decided to send at once to Chicago for the best specialist to be had.
